TM

**Darby Laai:** I suppose it is because I go to the library almost every day and every time I go I read for at least an hour...and I went to the library yesterday as well...so I read a book about log bridge construction.

**English Teacher:** I see. Here is your feedback comment. You used a natural alternative expression for "because" when asked for a reason...this is important for grammar and vocabulary. For example, I liked how you used "The reason is simple" and "I suppose it's because". and "I think it's primarily due to the fact that..." **Darby Laai:** OK thank you.

## **Preparation Feedback**

Be patient and wait for the feedback comment to ask your teacher about something that you are not sure about from your preparation.
